Sir,

I have the honor to state that with a view to improve their financial condition, the Municipal Council of Hiriyur proposed the levy of toll on incoming traffic on the marginally noted items at the rates noted against them at their meeting held on 11-9-1933. Thereupon objections were called for from the public against the proposed levy of toll. The President has reported that no objections were received. The question then came up again before the Council at their meeting held on 14-4-1934. The Municipal Council resolved that sanction of Government may be obtained to the proposed levy. Copies of the resolutions of the Council are enclosed in the file for reference. At present toll is being levied only on bullock cart, both laden and unladen as per statement enclosed in the file. I request that sanction of Government may kindly be obtained to the levy of toll on incoming traffic as proposed by the Council.

4 From the records enclosed, it
found that the Itirijun minor ml
cl have observed the necessary
formalities in the matter.
It is found that this minor
ml cl is already levying toll on
laden-unladen carts entering the
ml lands. It is now proposed to
add some more items to be subjected to
this levy so that the ml cl might
derive additional income.

6 Under sec 61 (1) (b) of the
Minor Mills Regn, a minor ml cl may
levy toll subject to the previous sanction
of, and rules framed by, Govt. The schedule
of rates has also to be issued by the Govt.
Since the ml cl have observed the formalities
and want to add subject a few more
descriptions of vehicles to toll, ~~and the~~ the
proposal may perhaps be sanctioned.

7 The law section may also be consulted.
if this could be done under the rules already
in force in the ml cl or whether new rule
should be issued enabling the ml cl to levy
toll.

8 A similar ^{Gujarat} ~~proposal~~ has been submitted
to the law section for opinion and as
it may be awaited.
